

Otterville RVI School District

101 W Georgetown Street, Otterville MO 65348

Supt. Cindy Beltz, 660-366-4391

Principal, Chad Harter, 660-366-4621

Fax 660-366-4293

Dear Eagle Family:

The Otterville RVI School District received communication this weekend that a member of our school community has tested positive for COVID-19.

The school district is in contact with the Cooper County Public Health Center for guidance and recommendations. The exposure is considered very limited and all parties have been contacted under guidance by Melanie Hutton RN, Administrator. Parents of any students who may be concerned about exposure would want to observe their children through Sept. 25 2020. If your child exhibits symptoms or becomes ill, please contact your primary care physician or the Cooper County Public Health Center for testing or concerns (information is included below).

The District cannot provide any personal health care information regarding the employee. We hope you and your family are doing well and staying healthy.

Sincerely,
Cindy Beltz
Superintendent of Schools

We encourage anyone that suspects you have COVID-19 or have been in contact with someone with a confirmed case of COVID-19 to call your healthcare provider before seeking care, unless it is a life threatening emergency.

It is important that every member of the community continue to follow the CDC basic hygiene preventative measures. These measures include avoiding contact with people who are sick, covering coughs and sneezes, proper handwashing, cleaning frequently used surfaces, and staying home when sick.
